**General Comments**

A big thank you to Laura and team for asking me to judge this extra special show. Things like this is what is needed to keep our spirits high and bring positivity to the Fancy in these such challenging times. Great banter amongst us judges. I'm not going to lie, it was challenging, when you can't really feel the type of a rabbit, and we are going on just one picture, but it was FUN, and that is what is needed. Take care all #staysafe.
